

# Grieving (feat. James Blake)

Kehlani

Askin' for space, I give my leg for it  
I've reached a point, it's like I beg for it  
I give my sweat and tears, damn, I bled for it  
No one would bet that you would lose me like that  
No one would guess I had the strength to fall back  
Now all I want is peace and quiet  
For peace and mind, yeah  
Peace and time, yeah, yeah  
While I'm grievin' uh, oh  
Grievin' us  
I'm still grievin' uh, oh  
Grievin' us  
The option was to stay and ride  
Or to let it die  
I picked a side, now I'm just grievin' uh, oh  
Grievin' us  
You just can't slow it down, drink too much, can't pour it out  
It's a merry-go-round from sun-up to sundown  
You want me to stay here, mother all your sons now  
This shit ain't no fun now, I just think it's funny how  
Funny how you made me feel that  
Turn around and made me feel bad  
Name a bitch patient like that  
Name a bitch to cater like that  
Now all I want is peace and quiet  
For peace and mind, yeah  
Peace and time, yeah, yeah  
While I'm grievin' uh, oh  
Grievin' us  
I'm still grievin' uh, oh  
Grievin' us  
Well, I can understand how you  
Would be attracted to me  
Me, an ashtray for your habits  
You, a moon to my sea  
Well, me, the juice to your squeeze  
And you a stone I would keep  
In the best room of the palace  
And pretend it could weep  
No one has ever given so many chances as I have (No one has ever)  
No one was ever given as many chances as I have  
Well, I'm grievin' uh, oh  
Grievin' us  
I'm still grievin' uh, oh  
Grievin' us  
I'm grievin' uh, oh  
(Grievin' us)  
I'm still grievin' uh, oh  
Grievin' us
