

# Fitness

Lizzo

[Chorus]

Independent, athletic  
I been sweating, doing calisthenics  
Booty vicious, mind yo business  
I been working, working on my fitness

[Verse 1]

I've been lifting heavy metal  
See this ass? Ain't no rental  
Take it down low like just stretching  
Pick it back up like I'm flexing  
Woo, tryna get it, working on my fitness

[Pre-Chorus]

Think about how I'm gonna feel when I step up on the catwalk  
Think about how I'm gonna feel when I got that ass that don't stop  
That ass that don't stop, that ass don't stop  
And think about how I'm gonna feel when I take it all off

[Chorus]

Independent, athletic  
I been sweating, doing calisthenics  
Booty vicious, mind yo business  
I been working, working on my fitness

[Post-Chorus]

Toot toot, beep beep  
Toot toot, beep beep  
I been working, working on my fitness

[Verse 2]

Ooh, work my body like  
Ooh, I know you want it like  
Ooh, but I don't do this for you

[Pre-Chorus]

Think about how I'm gonna feel when I step up on the catwalk  
Think about how I'm gonna feel when I got that ass that don't stop  
That ass that don't stop, that ass don't stop  
And think about how I'm gonna feel when I take it all off

But I don't do this for you

[Chorus]

Independent, athletic

I been sweating, doing calisthenics

Booty vicious, mind yo business (Better mind yo business)

I been working, working on my fitness (I'm working on my fitness)

Independent, athletic

I been sweating, doing calisthenics

Booty vicious, mind yo business

I been working, working on my fitness
