

# Myself

## Post Malone

(Wish I could of been there myself)  
'Cause what it is, is how I live  
All the places I've been  
I wish I could've been there myself  
I made so much, spent so much  
And I can't get enough  
I wish I could've been there myself  
(Wish I could've been there myself) Your second cousin lives in Orlando (Orlando)  
And yeah I just finished a show  
People shoving shots down their damn throats  
I'm smiling "Yes", but I'm gonna say no (Gonna say no)  
'Cause what it is, is how I live  
All the places I've been  
I wish I could've been there myself  
(Wish I could've been there myself)  
I made so much, spent so much  
And I can't get enough (Can't get enough)  
I wish I could've been there myself All of this American dreaming  
Everybody sick of believing  
Oh, let's not give a fuck, chill  
Giving a fuck has no meaning  
Oh, I'm sick of believing  
All of this American dreaming  
Oh, let's not give a fuck, chill  
Giving a fuck has no meaning (Oh)  
'Cause what it is, is how I live  
All the places I've been  
I wish I could've been there myself  
(Wish I could've been there myself)  
I made so much, spent so much  
And I can't get enough (Can't get enough)  
I wish I could've been there myself  
(Wish I could've been there myself)  
(No I can't get enough)
