

# You and Me

Hugh Jackman, Patrick Vaccariello & Stephanie J. Block

You and me  
We wanted it all  
We wanted it all  
Passion without pain  
Sunshine without rainy days  
We wanted it all ways You and me  
We reached for the sky  
The limit was high  
Never giving in  
Certain we would(could) win that prize  
I should have seen it in your eyes  
Look how all our dreams came true  
See how I've got me  
And baby(See how) you've got you  
And thru it all(And after all)  
Just one thing died  
A little thing called love  
A feeling deep inside(We used to feel inside) You and me  
We're not like the rest  
We once were the best  
(And) Back when we were dumb  
When(How) did we become so smart  
And learn(We learned) to break each other's hearts  
Look how all our dreams came true  
See how I've got me  
And baby(See how) you've got you  
And thru it all(And after all)  
Just one thing died  
A little thing called love  
A feeling deep inside(We used to feel inside) You and me  
We're not like the rest  
We once were the best  
(And) Back when we were dumb  
When(How) did we become so smart  
Cause we almost made it You and me  
We're not like the rest  
We once were the best  
Look what we became  
Isn't it a cryin' shame  
That we almost made it  
But we wanted it all You and me  
We wanted it all
