

# Cardboard Heart

Thomas Rhett

[Verse 1]

We carved our initials that old live oak tree  
Your hand next to my hand in the brand new concrete  
Your love changed just like the weather  
So cold, girl, I oughta wear a sweater  
Who knew that forever could be so temporary?

[Chorus]

Sometimes I wish I had a cardboard heart  
It wouldn't hurt me when you tore it apart  
And movin' on wouldn't be so dang hard  
If I only, if I only had a cardboard heart

[Post-Chorus]

Fold it up, I could just fold it up and move on, yeah  
Fold it up, I could just fold it up and move on

[Verse 2]

There ain't no prescription for this breakup drama  
No kind of physician that could fix this trauma  
Now she's on a plane to Hawaii  
First class with a brand new guy  
Who knew she could play me like an old ukulele?

[Chorus]

Sometimes I wish I had a cardboard heart  
It wouldn't hurt me when you tore it apart  
And movin' on wouldn't be so dang hard  
If I only, if I only had a cardboard heart

[Post-Chorus]

Fold it up, I could just fold it up and move on, yeah  
Fold it up, I could just fold it up and move on

[Bridge]

Oughta head down to the UPS  
Grab a box, cut it out, stick it on my chest  
I know it ain't real, but it feels no pain  
Now sing along with me if you feel the same

[Chorus]

Sometimes I wish I had a cardboard heart  
It wouldn't hurt me when you tore it apart  
And movin' on wouldn't be so dang hard  
If I only, if I only had a cardboard heart

[Post-Chorus]

Fold it up, I could just fold it up and move on, yeah  
Fold it up, I could just fold it up and move on  
Fold it up, I could just fold it up and move on, yeah  
Fold it up, I could just fold it up and move on
