

# Fearless (from "Girl vs. Monster")

Olivia Holt

I got the upper hand now and you're losing ground  
You never had to fight back never lost a round  
You see the gloves are coming off  
Tell me when you've had enough  
Yeah

Ready for a showdown and we're face to face  
I think I'll rearrange it  
Put you into place  
You don't get the best of me  
Check it you're afraid of me  
I'm stuck in your head  
I'm back, back from the dead  
Got you running scared  
I'm fearless

I'm calling you out, I'm taking you down  
Don't you come around  
I'm fearless, I'm fearless  
I'm fearless

You used to make my heart pound  
Just the thought of you  
But now you're in the background  
What you gonna do  
Sound off if you hear this  
We're feeling fearless  
We're feeling fearless  
I'm stuck in your head  
I'm back, back from the dead  
Got you running scared  
I'm fearless

I'm calling you out  
I'm taking you down  
Don't you come around  
I'm fearless  
I'm stuck in your head  
I'm back, back from the dead  
Got you runnin scared (I'm fearless)  
I'm fearless  
I'm callin you out  
I'm taking you down  
Don't you come around  
I'm fearless  
I'm fearless
