I'm all about loyalty

So don't ever feel as if you're running out of time

[Pre-Chorus]

Aye, aye, aye, aye

Long as you keep it 100 with me

I'll be loyal and spoil you every day

'Cause you're royalty, royalty, royal

Remember in different languages we would parle

On the phone everyday 'cause I live far away

But you in on my too much

[Chorus]

To get it all you gotta give it all up

So I'm out here grinding for you

I'd kamikaze for you

They called you crazy 'cause you saw the best in me

I've been MIA you should be here right next to me
