

# TIME

## Alesso

I've been wasting my time  
But damn it feels right  
I've been wasting my time But damn it feels right  
I've been wasting my time  
But damn it feels right  
I've been wasting my time  
But damn it feels right I've been gone, gone, gone, not for good  
It was just one try and I will hunt  
I've been gone, gone, gone, not for good  
Oh, I need it, I need it, I need it  
'Cause I won't be tried  
Oh, and I'll be going all night till the daylight  
I've been wasting my time  
But damn it feels right  
I've been wasting my time  
But damn it feels right I've been gone, gone, gone, not for good  
It was just one try and I will hunt  
I've been gone, gone, gone, not for good  
Oh, I need it, I need it, I need it  
'Cause I won't be tried  
Oh, and I'll be going all night till the daylight I've been wasting my time  
But damn it feels right  
I've been wasting my time  
But damn it feels right  
I've been wasting my time  
But damn it feels right  
I've been wasting my time  
But damn it feels right
