

Greatest

The Assemblie

//No one can touch You
You are the greatest
You stand above the rest victorious
You won for all of us so undeserving
No greater love than this
You have shown//

We just want to be like You
Just want to make You proud

You are the best You're the greatest
I'll follow You follow You
League of Your own
Heaven's own star
You inspire me inspire me

//We just want to be like You
Just want to make You proud//

//You are the best You're the greatest
I'll follow You follow You
League of Your own
Heaven's own star
You inspire me inspire me//

Just want to be like you
Just want to make you proud
