

# Girl Almighty

## One Direction

Hey, hey  
Oh, no, no, no Her light is as loud as as many ambulances  
As it takes to save a savior  
Whoa whoa whoa She floats through the room on a big balloon  
Some say she's such a fake, that her love is made up  
No, no, no, no Let's have another toast to the girl almighty  
Let's pray we stay young, stay made out of lightning Am I the only, only believer?  
There's something happening here  
There's something happening here The only, only believer  
There's something happening here  
I hope you feel what I'm feeling too  
I get down, I get down, I get down  
On my knees for you  
I get down, I get down, I get down  
On my knees  
I get down on my knees for you Her light is as loud as as many ambulances  
As it takes to save a savior  
Whoa, whoa, whoa She floats through the room on a big balloon  
Some say she's such a fake, that her love is made up  
No, no, no, no Let's have another toast to the girl almighty  
Let's pray we stay young stay made of lightning Am I the only, only believer?  
There's something happening here  
There's something happening here  
The only, only believer  
There's something happening here  
I hope you feel what I'm feeling too I get down, I get down, I get down  
On my knees for you  
I get down, I get down, I get down  
On my knees  
I get down on my knees for you
