

# Charlie Boy

## The Lumineers

Charlie boy, don't go to war, first born in forty - four  
Kennedy made him believe we could do much moreOhhh  
Lillian, don't hang your head, love should make you feel good  
In uniform you raised a man, who volunteered to standOhhhPlay the bugle, play the taps and  
Make your mothers proud  
Raise your rifles to the sky boys  
Fire that volley loudNews was bad on upland ave., metuchen mourn our loss  
Sons rebelled, while fathers yelled, and mothers clutched the crossOhhh  
Play the bugle, play the taps and  
Make your mothers proud  
Raise your rifles to the sky boys  
Fire that volley loud
