

Bang Bang Bang (Live At Ocean Way Studios)

Christina Perri

All my life you know I haven't been very lovestrong
There's been so many fights that I've fought, and I've never won
So I decided that I should just give up on trying to right your wrongs
And word on the street is that she did to you what you did to me

Five, four, three, two, one

Bang, bang, bang, boy
You're going down, down, down, boy
To the ground where you left my heart to bleed
Bang, she shot you, karma tastes so

Bang, bang, bang, boy
You're going down, down, down, boy
To the ground where you left my heart to bleed
Bang, she shot you, karma tastes so sweet

So unfortunately, for girls like me, there are more like you;
Bending and breaking the rules that we're making exceptions to
But how does it feel to swim in your own tears?
You lied and you lied and I died and I died and now you know why

Five, four, three, two, one

Bang, bang, bang, boy
You're going down, down, down, boy
To the ground where you left my heart to bleed
Bang, she shot you, karma tastes so

Bang, bang, bang, boy
You're going down, down, down, boy
To the ground where you left my heart to bleed
Bang, she shot you, karma tastes so sweet

Bang, bang, bang, boy
You're going down, down, down, boy
To the ground where you left my heart to bleed
Bang, she shot you, karma tastes so

Bang, bang, bang, boy

You're going down, down, down, boy
To the ground where you left my heart to bleed
Bang, she shot you, karma tastes so

Bang, bang, bang, boy
You're going down, to the ground

Ooh
