

Energy

Shinedown

[Verse 1]

You, make it up as you go along
Why, pretend that you're something that you're not?
I, believe in you and always will
Ever since you told me you're for real
Inside, emotional mood swing soon collide
Now, gather up all your tenacity
Take my hand 'cause I'm setting you free

[Pre-Chorus]

Who cares who's there to stare, and tell you how to look?
I'm not even sure they know you by name
Who cares who's there to share what they think of you?
Everybody here plays the same fucking games

[Chorus]

Alright, alright, alright
You're such an energy
Alright, alright, alright
You're such an energy
Let me see your fire
Put your fist up in the air

[Verse 2]

Alive, that's how I want you to feel tonight
Live, you're only here once, so do it well
Find, your own way to rise up and give them hell
There is no reason to wonder if you should
Go, tell them you can't be bought or sold
Break, your silence and tell them who you are
'Cause they're all witness to a shooting star

[Pre-Chorus]

Who cares who's there to stare, and tell you how to look?
I'm not even sure they know you by name
Who cares who's there to share what they think of you?
Everybody here plays the same fucking games

[Chorus]

Alright, alright, alright

You're such an energy
Alright, alright, alright
You're such an energy
Let me see your fire
Put your fist up in the air

[Bridge]

Tell me, are you feeling strong enough?
Tell me, 'cause all eyes are on you now, yeah

[Pre-Chorus]

Who cares who's there to stare, and tell you how I look?
I'm not even sure they know you by name
Who cares who's there to share what they think of you?
Everybody here plays the same fucking games

[Chorus]

Alright, alright, alright
You're such an energy
Alright, alright, alright
You're such an energy
Let me see your fire
Put your fist up in the air

[Outro]

You're such an energy
Whoa, you're an energy
Yeah, you're such an energy
