

Ring in the Season

Kristen Bell, Idina Menzel & Josh Gad

[Verse 1: Kristen Bell]

Look at everyone that'll realize
We planned a party as a big surprise
Soon the ballroom will echo with sounds of cheer
As we ring in the season this year

[Verse 2: Idina Menzel & Josh Gad]

This is overdue, gotta look our best
Ooh, I've never been so nicely dressed
We'll be hosting and toasting the whole night through
As we ring in the season with you

[Verse 3: Kristen Bell, Idina Menzel, Both]

It's the first Christmas in forever
Since we opened up the gates
And it's the first Christmas I remember to date
And it's already worth the wait

[Verse 4: Both, Idina Menzel]

Look at all the joy when it's everywhere
I feel the Christmas spirit in the air
And the party will start at the stroke of noon
And we'll ring in the season so soon

[Verse 5: Both, Idina Menzel, Kristen Bell]

And it's almost time to ring the bell
We'll hear it chime through Arendelle
It's finally here and it's happening fast
We'll make up for all we have missed in the past
It's time to celebrate as we ring in the season at last
