

# Gravity

Sara Bareilles

Something always brings me back to you  
It never takes too long  
No matter what I say or do  
I still feel you here 'til the moment I'm gone  
You hold me without touch  
You keep me without chains  
I never wanted anything so much  
Than to drown in your love and not feel your rain  
Set me free, leave me be  
I don't wanna fall another moment into your gravity  
Here I am and I stand so tall  
I'm just the way I'm supposed to be  
But you're on to me and all over me  
You loved me 'cause I'm fragile  
When I thought that I was strong  
But you touch me for a little while  
And all my fragile strength is gone  
Set me free, leave me be  
I don't wanna fall another moment into your gravity  
Here I am and I stand so tall  
I'm just the way I'm supposed to be  
But you're on to me and all over me  
I leave here on my knees  
As I try to make you see  
That you're everything I think I need  
Here on the ground  
But you're neither friend nor foe  
Though I can't seem to let you go  
The one thing that I still know  
Is that you're keeping me down  
You're keeping me down  
You're on to me, on to me and all over  
Something always brings me back to you  
It never takes too long
