

All On You

Mitchell Tenpenny

[Verse 1]

Every once in a while when you're drunk
And you dial up my number and try
Girl, don't even apologize
'Cause now that you're gone
I moved up, I moved on
And I'm never, never gonna go and fall back on you

[Chorus]

Every weekend, I blew off my best friends
You had my attention, it was all on you
Every feeling I used to feel when my hands were full
'Cause they were all on you
So when it's late and you're laying there missing me
Wishing you're kissing me, saying you're pissed at me
Girl, it's all on you
If you show up and you knock on my door
And it's 4 in the morning, it's raining, it's pouring
I'm gonna say we're through
And it's all on you, you, you, you, you, you, you
Girl, it's all on you, you, you, you, all on you

[Verse 2]

Yeah, I hope that you know that I tried and I tried and I tried
To revive something that already died
And I learned how to forgive, let shit go, water under the bridge
So you can save your breath, don't even apologize

[Chorus]

Every weekend, I blew off my best friends
You had my attention, it was all on you
Every feeling I used to feel when my hands were full
'Cause they were all on you
So when it's late and you're laying there missing me
Wishing you're kissing me, saying you're pissed at me
Girl, it's all on you
If you show up and you knock on my door
And it's 4 in the morning, it's raining, it's pouring
I'm gonna say we're through
And it's all on you, you, you, you, all on you (Oh, it's all on you)

Yeah, it's all on you, you, you, you, all on you

[Bridge]

(It was all on you)

You had all my attention

(It was all on you)

It was every weekend

(It was all on you)

Wish I wouldn't have spent them all on you (All on you)

[Chorus]

Every weekend, I blew off my best friends

You had my attention, it was all on you (All on you)

Every feeling I used to feel when my hands were full

'Cause they were all on you (All on you)

So when it's late and you're laying there missing me

Wishing you're kissing me, saying you're pissed at me

Girl, it's all on you (All on you)

If you show up and you knock on my door

And it's 4 in the morning, it's raining, it's pouring

I'm gonna say we're through (All on you)

Yeah, it's all on you, you, you, you, you, you, you, you

Girl, it's all on you (All on you)

Yeah, it's all on you, you, you, you, all on you, woo

[Outro]

All on you

All on you
