

The Unknown

Imagine Dragons

You turn my head in circlesMama blessed me
With magnet eyes for purple
Oh so let me show you something goodPastor, Preacher
I want to say I'm sorry
Nice to meet ya
I think my eyes are starry
Pledge allegiance to my only ...
Sooner or later it all comes around
Hopefully then I will see
After the people and places are gone
You will come back, you will come back to me, to me, to me
You will come back to me, to me, to meAuntie Mara I think you know my reasons
I was a product of everything in season
Oh so heavy
Set me free againOh my papa
If all the world could know you
You could stop a thousand wars across the globe
Oh I miss ya
Show them something good
Sooner or later it all comes around
Hopefully then I will see
After the people and places are gone
You will come back, you will come back to me, to me, to me
You will come back to me, to me, to me, to me, to me
