

Wait Until Tomorrow

Prince Fox

[Intro]

Wait until tomorrow

[Verse 1]

How can I wait until tomorrow
To fix my problems of today
'Cause there's no quick trick I can follow
To find my day today
And if you ask me how I do it
I probably just don't know
Because I'm living a few lives
Tryna find one to show

[Pre-Chorus]

Show me the meaning of what I'm supposed to be
Be me, the terrible life just leads me to
Misery and mystery, and I can't wait

[Chorus]

Wait until tomorrow
Wait until tomorrow
I can't keep wait until tomorrow to fade
I can't keep waiting for tomorrow for faith
I can't keep waiting for tomorrow for faith
To find me faith, to...
Wait until tomorrow

[Verse 2]

How can I wait until tomorrow
To fix my problems of today
'Cause there's no quick trick I can follow
To find my day today
And if you ask me how I do it
I probably just don't know
Because I'm living a few lives
Tryna find one to show

[Pre-Chorus]

Show me the meaning of what I'm supposed to be
Be me, the terrible life just leads me to

Misery and mystery, and I can't wait

[Chorus]

Wait until tomorrow

Wait until tomorrow

I can't keep wait until tomorrow to fade

I can't keep waiting for tomorrow for faith

I can't keep waiting for tomorrow for faith

To find me faith, to...

Wait until tomorrow
