

Outlaw State of Mind

[Chris Stapleton](#)

Cut my teeth on Daddy's old LGO
And I lost my mind somewhere in New Mexico
and TW put a snake on my back
I keep a red bar on my side
and its people all across the land
from East Kentucky downtown Alabam
whole lotta like I am all the time
in an outlaw state of mind
I got friends that know how to have a good time
yeah they roll their own and drink Carolina shine
I've seen the devil in a dark cole mine
I've been higher than a Georgia pine
and there's people all across the land from West Virginia to the Rio Grande
whole lotta like I am all the time all the time
I'm in an outlaw state of mind
and there's people all across the land
from New York to old pines friend just dont give a damn all the time
in an outlaw state of mind
