

The Angel and the One

Weezer

[Verse 1]

It's not my destiny to be the one that you will lay with
So many reasons why I have to go but want to stay here
Sometimes I want a taste
But then I don't know what I'm saying

[Refrain]

You are the angel
And I am the one that is praying

[Verse 2]

There is another love
That I would rather be obeying
I see the ecstasy
And already I'm anticipating

[Verse 3]

I feel a deeper peace
And that deeper peace is penetrating
I got the magic in me
I am complete is what I'm saying

[Verse 4]

I'm flying up so high
My purple majesty displaying
I've reached a higher place
That no one else can make a claim in

[Refrain]

I'll take you there, my friend
I'm reaching out my hand, so take it
We are the angels
And we are the ones that are praying

[Outro]

Peace, shalom
Peace, shalom
Peace, peace
Peace, shalom
Peace, shalom

Peace, peace
Peace, shalom
Peace, shalom
Peace, peace
Peace, shalom
Peace, shalom
Peace, peace

[Instrumental]
