

# Michigan for the Winter

Ryan Hurd

[Verse 1]

I need a change of scene 'til the seasons change  
Maybe longer nights, maybe shorter days  
Will get me over what I can't get past  
If you're gone and you won't come back  
Maybe a little space or a little time  
Somewhere far from here will get you off my mind  
I can't stay watching you move on all February long

[Pre-Chorus]

I'm going to Michigan for the winter  
Between the dark and the light of the sky and the snow  
Most people go south for the weather  
Instead of hiding out in the cold, but

[Chorus 1]

Just in case you wanna change your mind  
I'm lettin' you know where you can find me  
46th Street, that first right turn  
Down a dirt road watching that wood stove burn  
I'm either waiting out your memory  
Or for you don't wanna come back to me  
Whichever comes first until it don't hurt no more  
I'll be up North  
I'm going to Michigan for the winter  
I'm going to Michigan

[Verse 2]

This seven-hour long empty rear-view drive  
Isn't what I want, but I guess it's time  
To say goodbye to the way things were  
I've finally come to terms, but

[Chorus 1]

Just in case you wanna change your mind  
I'm lettin' you know where you can find me  
46th Street, that first right turn  
Down a dirt road watching that wood stove burn  
I'm either waiting out your memory  
Or for you don't wanna come back to me

Whichever comes first until it don't hurt no more  
I'll be up North  
I'm going to Michigan for the winter  
Ooh, yeah

[Bridge]  
I'm going to Michigan for the winter  
'Tween the dark and the light of the sky and the snow  
Most people go south for the weather  
But I just wanna be alone

[Chorus 2]  
Just in case you wanna change your mind  
I'm lettin' you know where you can find me  
46th Street, that first right turn  
Down a dirt road watching that wood stove burn  
While I'm waiting out your memory  
Girl, the only place that I'm supposed to be  
Is sittin' in a chair with a Bible or a beer  
'Til my heart don't hurt no more  
I'm going to Michigan for the winter  
Yeah, I'm going to Michigan for the winter
