

That's Just the Way It Is (2016 Remastered)

Phil Collins

All day long he was fighting for you
And he didn't even know your name
Young men come and young men go
But life goes on just the same And I don't know why
Why do we keep holding on
I don't know why
Pretending to be, oh, so strong Oh, why
Is there something I don't know
Or something very wrong with you and me
Or maybe That's the way it is
That's the way it is
They've been waiting for word to come down
They've been waiting for you night and day
They won't wait any longer for you
It may already be too late And I don't know why
Why do we keep holding on
I don't know why
Pretending to be, oh, so strong Oh why
Is there something I don't know
Or something very wrong with you and me
Or maybe That's the way it is
That's just the way it is You see the dying, you feel the pain
What have you got to say
If we agree that we can disagree
We could stop all of this today
It's been your life for as long as you can remember
But you cannot fight no more
You must want to look your son in the eyes
When he asks you what you did it for Cause all day long he was fighting for you
And he didn't even know your name
Young men come and young men go
But life goes on just the same And I don't know why
Why do we keep holding on
I don't know why
Pretending to be, oh, so strong Oh, why
Is there something no one told me
Or something very wrong with you and me
Or maybe That's the way it is
There's nothing I can do
That's just the way it is, oh That's just the way it is
That's just the way it is
There's nothing I can do

That's just the way it is
That's just the way it is That's the way
That's the way
That's the way
