

# With the Lights On

Jason Derulo

[Intro]

Haha, it's too easy  
I just-I just-I just wanna freak you with the lights on

[Verse 1]

Baby, leave them on, I don't want 'em off  
When I see them draws, pucker, pucker, that's a no  
We gon' make it grow, pull it to the side  
You say you can ride, baby, join me in my ride

[Pre-Chorus]

(Woohoo), let me hit it in the front, let me hit it in the back now  
(Woohoo), to the middle of the club, to the back of the 'lac now  
(Woohoo), all around the world, no matter where you at now  
I can't wait to give you what you want

[Chorus]

Girl, you know you bad like a Mike song, right?  
Hope you don't mind I keep my Nikes on, right?  
We can film it all on my iPhone 5  
I just-I just-I just wanna freak you with the lights on  
Girl, you know you bad like a Mike song, right? (Right)  
Hope you don't mind I keep my Nikes on, right? (Right)  
We can film it all on my iPhone 5 (5)  
I just-I just-I just wanna freak you with the lights on (lights on)

[Verse 2]

Looking for somebody brand new  
I got FCK, I need you, get it?  
You know what I'm tryna do  
I'm like ooh, she coming, too, get it?

[Pre-Chorus]

(Woohoo), let me hit it in the front, let me hit it in the back now  
(Woohoo), to the middle of the club, to the back of the 'lac now  
(Woohoo), all around the world, no matter where you at now  
I can't wait to give you what you want

[Chorus]

Girl, you know you bad like a Mike song, right?

Hope you don't mind I keep my Nikes on, right?  
We can film it all on my iPhone 5

[Bridge]

I'm so glad you came, baby  
But I don't wanna miss a thing, lady  
So I, I'ma keep the lights on when we all alone  
Gonna make your body moan to your favorite song  
You can keep on them heels for me  
'Cause I'ma keep these Nikes on for real, shawty  
So I, I'ma keep the lights on when we all alone  
I'ma make your body moan to your favorite song (leggo)

[Pre-Chorus]

(Woohoo), let me hit it in the front, let me hit it in the back now  
(Woohoo), to the middle of the club, to the back of the 'lac now  
(Woohoo), all around the world, no matter where you at now (all around the world they singing)  
I can't wait to give you what you want (to give you what you want)
