

Spread a Little Love

Havana Brown

[Verse 1]

Do you feel it?
It's in the air tonight
With every beating
With every step, I come alive

[Pre-Chorus]

Like a rainbow
Let your colors out
And forever, lost in paradise

[Chorus]

Spread a little love
If we spread a little love, we'll never die
Spread a little love
If we spread a little love, we'll never die

[Verse 2]

Hearts on fire
Don't let them get you down
Just stay higher
Keep on going with every sound

[Pre-Chorus]

Like a rainbow
Let your colors out
And forever, lost in paradise

[Chorus]

Spread a little love
If we spread a little love, we'll never die
Spread a little love
If we spread a little love, we'll never die

[Post-Chorus]

We'll never die

[Bridge]

Do you feel it?
It's in the air tonight

And forever (Ever, ever, ever, ever, ever)

[Chorus]

Spread a little love
If we spread a little love, we'll never die
Spread a little love
If we spread a little love, we'll never die
Spread a little love
If we spread a little love, we'll never die
Spread a little love
If we spread a little love, we'll never die

[Outro]

We'll never die
