

# Peace Of Mind (feat. Vargas & Lagola)

Avicii

Dear society

You are moving way too fast

Way too fast for me

I'm just tryna catch my breath

Can I get a little peace of mind?

And a little bit of silence to unwind

Relieve, do you need a relieve, do you need a relieve?

Do you need a release, do you wanna be free?

Do you wanna be free, do you wanna be free?

Do you wanna be, can I get a little peace of mind?

Dear society

You are moving way too fast

Way too fast for me

I'm just tryna catch my breath

Relieve, do you need a relieve, do you need a relieve?

Do you need a release, do you wanna be free?

Do you wanna be free, do you wanna be free?

Do you wanna be, do you wanna let let go?

Do you wanna let go, do you let go?

Do you wanna let go, do you wanna be free?

Do you wanna be free, do you wanna be free?

Do you wanna be, can I get a little peace of mind?

And a little bit of silence to unwind

Dear society

You are moving way too fast

Way too fast for me

I'm just tryna catch my breath

Relieve, do you need a relieve, do you need a relieve?

Do you need a release, do you wanna be free?

Do you wanna be free, do you wanna be free?

Do you wanna be, do you wanna let let go?

Do you wanna let go, do you let go?

Do you wanna let go, do you wanna be free?

Do you wanna be free, do you wanna be free?

Do you wanna be, do you wanna let let go?

Can I get a little peace of mind?
