

Windows

AWOLNATION

Ah-ah

Ah-ah

(Man) Ah-ah Off in my head, lost, off in my head

Off in my head, lost, off in my head

Off in my head, lost, off in my head

Off in my head, lost, off in my head Lost all my arms, lost-lost all my legs

Lost is my heart, but my new soul stays, we're singing Off in my head, lost, off in my head

Off in my head, lost

Do we really know the way the wind blows? (Wind blows)

Are we really safe around our shadows?

(Shadows)

Do we really know the way the wind blows?

(Wind blows)

Are we really safe around our shadows?

(Shadows)

Through our windows

Okay

Off in the red, dance-dance with the dead Off in the red, dance-dance with the dead

Off in the red, dance-dance with the dead Off in the red, dance-dance with the dead

Lost all my arms, lost-lost all my legs

Lost is my heart, but my new soul stays, we're singing Off in my head, lost, off in my head

Off in my head, lost

Do we really know the way the wind blows?

(Wind blows)

Are we really safe around our shadows?

(Shadows)

Do we really know the way the wind blows?

(Wind blows)

Are we really safe around our shadows?

(Shadows) Through our windows

Yeah

Aw man, I can't believe this is happening (Ah-ah)

Aw man, I can't believe this is happening (Ah-ah)

Aw man, I can't believe this is happening (Ah-ah) Aw man, I can't believe... Do we really know
the way the wind blows?

(Wind blows)

Are we really safe around our shadows?

(Shadows)

Do we really know the way the wind blows?

(Wind blows)

Are we really safe around our shadows?

(Shadows)

Through our windows
But I'm aware
And I don't care
And I'm aware, yeah
But I'm aware
And I don't care
And I'm aware, yeah, yeah
