

# Love Is On Its Way

## Jonas Brothers

Young hearts  
I believe that we are not far  
From becoming who we truly are  
Love is on its way Dreamers  
You see everything in color  
While the world is getting darker  
Love is on its way So hold on another day  
'Cause love is on its way  
You'll find it's gonna be okay  
'Cause love is on its way It's alright you'll find a brighter day  
'Cause love is on its way  
Leaders  
Show us how to love each other  
It could help us to recover  
Love is on its way Lonely  
I believe that you will find me  
And together we will truly see  
Love is on its way, yeah So hold on another day  
'Cause love is on its way  
You'll find it's gonna be okay  
'Cause love is on its way It's alright you'll find a brighter day  
'Cause love is on its way Yeah!  
Yeah!  
Hold on another day  
'Cause love is on its way  
You'll find it's gonna be okay  
'Cause love is on its way It's alright you'll find a brighter day  
'Cause love is on its way  
'Cause love is on its way  
'Cause love is on its way
