

Magic

Robin Thicke

Hey...

Wooo...

Alright baby....

Ohhh...

Oh....

Yeah...

I can make the pain disappear

And I can erase the past ohh

I can make the future shine so bright

And I can make right now alright yeah

I got it you got it we got the magic girl

I got it you got it we got the magic girl

I got it you got it we got the magic girl

I got it you got it we got the magic girl

All I got is concrete all around me wooo...

But I can see the countryside

You can be rich when you're poor

Poor when you're rich

It can be raining and I can make the sun shine

I got it you got it we got (wooo) the magic girl

I got it (you know you got it baby) you got it we got the magic girl

I got it (I've got it baby) you got it we got the magic girl

I got it (You know I got it baby) you got it we got the magic girl

I know sometimes sometimes you feel no hope

Well I've been there, I've walked that lonely road

I took whatever devil offered me

Because I knew that he would set me free

(whoa) I got it you got it (wooo) we got the magic girl

I got it (magic baby) you got it we got the magic (woo) girl

I got it (we got the magic baby) you got it we got the magic girl

Skip

I got it you got it we got the magic girl wooo

Science they can't prove it

But I know I can do it

I can fly

I can bend metal with my mind

I can wake up in a paradise ohhhhWe got that magic

We got that magic

We got that magic

We got that magic

Hey

We got that magic

We got that magic
Ewww
Got that magic come on
Hey

I got it you got it we got that magic girl
I got it you got it we got that magic girl
I got it you got it we got that magic girl
I got it you got it we got that magic girl
