

# Tell

Kevin Kazi

Tell, Tell, Tell

[Hook] x2

You've been broken before  
Niggas been feeding your lies  
Baby I can tell  
You don't call me no more  
You ain't feeling me the same  
Baby I can tell

Wait

And she think I'm a star  
Ask me when I finna blow up  
Shawty only time I could tell  
Yeah you got me under your spell  
Running in circles tryna escape  
Out of this hell

[Verse 1]

Take you to disney world  
I really feel you girl  
See these lights dancing  
They make you really pretty girl  
Too many confessions

[?]

I already lost you  
It don't matter I'm just venting  
Thought I was impressing  
But this life I live fast  
Everything has me gotten in a second  
I'm really young and restless  
Is the day of our lives [?]

[Hook] x2

You've been broken before  
Niggas been feeding your lies  
Baby I can tell  
You don't call me no more  
You ain't feeling me the same  
Baby I can tell

Wait

And she think I'm a star  
Ask me when I finna blow up  
Shawty only time I could tell  
Yeah you got me under your spell  
Running in circles trynna escape  
Out of this hell

[Verse 2]
