

Do Whatchu Want To Me

NoMBe

[Verse 1]

Can I rub my face against your skin?
Can I make your breath my wind?
Wanna hold you close to the very end
And sink or swim within

[Hook]

Ooh, do whatchu whatchu whatchu want do whatchu want to me
Ooh, do whatchu whatchu whatchu want do whatchu want to me

[Verse 2]

Can I taste your lips and smell your hair
As flavour fills the air?
My fingertips they dance across
Your back from coast to coast
And when I kiss I'll always tell
Make sure the world knows who you love the most

[Hook]

Ooh, do whatchu whatchu whatchu want do whatchu want to me
Ooh, do whatchu whatchu whatchu want do whatchu want to me

[Bridge]

Underneath your salty skin
Pressure has me lost again
Underneath your salty skin
You take all my oxygen
Underneath your salty skin
Forget to breathe but learn to swim
Underneath your salty skin
Pressure has me (lost) lost again

[Hook]

Ooh, do whatchu whatchu whatchu want do whatchu want to me
