

# These Days

## 3 Doors Down

[Verse 1]

I think I was better off before this all began  
So clearly I can see lately that you don't know who I am  
Everybody tried to tell me something that I never could believe  
Stand back, it seems so much different than it did in front of me  
But I know

[Chorus]

There's no good in lookin' back on yesterday  
And wondering what could have happened then  
You think you can give me what I want  
You say, you say  
I think i'm better off alone  
These days, these days

[Verse 2]

Why should I put my trust in something that I never could believe  
So one day you can find somethin' better just to pack your things and leave?  
Loneliness is a friend for the moment, but you won't walk out on me  
I know

[Chorus]

There's no good in lookin' back on yesterday  
And wondering what could have happened then  
You think you can give me what I want  
You say, you say  
I think i'm better off alone  
These days, these days

[Verse 3]

I'm tired and I'm sick of waiting  
Maybe I'll die alone  
'Cause I can't take another damn day  
Of waiting here for you to come home to me  
Yeah, yeah, baby, baby please  
Tell me why

[Outro]

You think you can give me what I want  
You say, you say

I think I'm better off alone  
These days, these days  
You think you can give me what I want  
You say, you say  
I think I'm better off alone  
These days, these days
