

# Atomic Man

## Portugal. The Man

You're feeling tired I know there is a crowd but if I bring her on the  
ready they'll be fine for now  
Man I can't help it I'm just always in the middle leave the bottle in the  
evening hang with demons on the weekend

Hook:

After you I don't know what I believe in  
After you, hell should be easy  
After you I don't know what I believe in  
After you, hell should be easier

(Gotta, gotta, gotta get out if you wanna get it)

Follow down to the red bouncing ball as you bounce round the galaxy came  
back to us all  
A little bit of nerve and the outer space it's gotta destroy before it  
creates

Hook:

After you I don't know what I believe in  
After you, hell should be easy  
After you I don't know what I believe in  
After you, hell will be easier

I'm the golden baby boy into the center  
Mother was a gun and I put nature to the beggars  
Always talking but the kids never listen  
They die in the eve and become demons for the weekend

Hook:

After you I don't know what I believe in  
After you, hell should be easy  
After you I don't know what I believe in  
After you, hell will be easier

Outro:

Tides that take the sand  
I'm atomic man, I'm the moon that pulls the tides that take the sand  
I'm atomic man, I'm the moon that pulls the tides that take the sand

I'm atomic man, I'm the moon that pulls the tides that take the sand  
I'm atomic man, I'm the moon that pulls the tides that take the sand  
I'm atomic man, I'm the moon that pulls the tides that take the sand  
I'm atomic man, I'm the moon that pulls the tides that take the sand
