

# Honestly

Kelly Clarkson

Could you love somebody like that?  
Could you attract someone like that?  
Could you go where people can see someone like me?  
Could you do that? Would you face me?  
Make me listen to the truth even if it breaks me?  
You can judge me, love me  
If you're hating me, do it honestly All I see are stepford-like lives  
Needles and knives, beautiful lies  
Bringing out the green in your eyes  
Perfect disguise for envy and pride  
Face me  
Make me listen to the truth even if it breaks me  
Judge me, love me  
If you're hating me, do it honestly Face me  
Make me listen to the truth even if it breaks me  
You can judge me, love me  
If you're hating me...  
Would you face me?  
Make me listen to the truth even if it breaks me  
Judge me, love me  
If you're hating me, do it honestly  
Honestly, honestly, honestly
