

(You Can) Depend On Me

The Miracles

[Verse 1]

You

You need a love like mine that you can depend on
When your whole world's falling in
And you need a friend
You can depend on me

[Chorus]

Oh, I'll be by your side
When you need me
When the whole world seems unfair
And no one seems to care
You can depend on me

[Verse 2]

Oh when life seems not worth living
And nothing seems to be going right
Comfort and love will be giving
Will change your darkness to light

[Chorus]

I'll be right by your side
When you need, need me
When the whole world seems unfair
And no one seems to care
You can depend on me

[Verse 3]

Oh, don't you know that I'll be right by your side
Oh, little girl, little girl, little girl
When you need a friend
I'm yours 'til the end
Oh, yeah, I love you. I love you
