Magic

Guy Sebastian

Lately ive discovered
mystical powers
strange abilities that
boggle my mind
and it's you,
the secret lies with you
and I'm powerless without chafunny you should mention
coz I felt the same things
ever since the day you
walked in my life
like an illusion
my worries disappear
right before my eyes.
coz I got a feelin
that you got a feelin
don't try explainin it
all I can say is its magic
were makin magic
and don't you believe itIt's an awakening,
nobodies fakin it
It's a secret
and nobodies takin it.
Its magic,
were makin magic
and you better believe it
I'm a little bosser
ill tell you the future
coz I know how it pans
out if you stick around
see before you were here
the picture wasnt clear,
but now I see foreverYou must be a ventriloquist
coz you know what I say
before it leaves my lips, yeah
guess what I'm thinking right now
I love you
I love you
I love you babycoz I got a feelin
that you got a feelin
don't try explainin it
all I can say is its magic
were makin magic

and don't you believe itIt's an awakening,
nobodies fakin it
It's a secret
and nobodies takin it.
Its magic,
were makin magic
and you better believe itThis love is death defying
It's like
I can levitate into the sky
but I promise
I will never do a disappearing act cozcoz I got a feelin
that you got a feelin
don't try explainin it
All I can say is its magic
were makin magic
and don't you believe itIt's an awakening,
nobodies fakin it
It's a secret
and nobodies takin it.
Its magic,
were makin magic
and you better believe itcoz I got a feelin
that you got a feelin
don't try explainin it
All I can say is its magic
were makin magic
and don't you believe itIt's an awakening,
nobodies fakin it
It's a secret
and nobodies takin it.
