Do You Mean (feat. Ty Dolla $ign & bülow)

The Chainsmokers

Do you mean, do you mean what you say?
What you said, nah, you can't take away
You're my Gospel but I'm losing faith, losing faithDo you mean, do you mean what you say?
Take a minute, do you need to stop to think?
What we had now, we can throw away, throw awayShow me that you mean it, (Ayy)
Show me that you mean it
Do you really mean it?
Everything happens for a reason
Show me that you mean it (Do you, do you?)
Show me that you mean it (Do you, do you?)
I hope you mean what you say, girl
I hope you ain't lying to my face, girl (Lying to my face)
You said you needed some space, girl
I tried to stay out your way, girl
You always told me 'bout my past, ayy
Wish we could leave 'em in the past, ayy
You said it's hard for you to trust, again
I wonder if you're really over itBounce back like a rebound, ooh, yeah
Are you saying what you mean now?Do you mean, do you mean what you say?
What you said, nah, you can't take away
You're my Gospel but I'm losing faith, losing faith
Do you mean, do you mean what you say?
Take a minute, do you need to stop to think?
What we had now, we can throw away, throw away
Show me that you mean it, (Ayy)
Show me that you mean it
Do you really mean it?
Everything happens for a reason
Show me that you mean it (Do you, do you?)
Show me that you mean it (Do you, do you?)Time's up, but you're gonna say, "Next"
Can't lie what you did to me, yeah
Put you out like a cigarette
Put me out of my misery, yeah
It's not you, it's me
Come on, seriously
Heard that once or twice before
You got that straight from a movieBounce back like a rebound, ooh, yeah
Are you saying what you mean now?Do you mean, do you mean what you say?
What you said, nah, you can't take away
You're my Gospel but I'm losing faith, losing faith
Do you mean, do you mean what you say?
Take a minute, do you need to stop to think?

What we had now, we can throw away, throw awayShow me that you mean it, (Ayy)
Show me that you mean it
Do you really mean it?
Everything happens for a reason
Show me that you mean it (Do you, do you?)
Show me that you mean it (Do you, do you?)
