

# The Town

## The Weeknd

You did many things  
That I liked, that I liked  
And you like diamond rings  
I can provide, I can provide for you  
You made me feel so good  
Before I left On the road  
And you deserve your name  
On a crown, on a throne You did many things  
That I liked, that I liked And you like diamond rings  
I can provide, I can provide for you  
You made me feel so good  
Before I left  
On the road  
And you deserve your name  
On a crown, on a throne  
I haven't been around my town in a long while  
I apologize, but I  
I've been trying to get this money like I got a couple kids who rely...  
On me  
But I remember on the bathroom floor  
'Fore I went on tour  
Like you said we couldn't do it again... Cause you had a thing with some other man  
You said it was love  
And you said you were lost  
Then you wished me good luck  
To find somebody to love  
But, oooh  
Now I've heard that you're single  
And uh huh, I'll give you something to live for  
Yes, I will  
Honey please  
You never thought you'd ever see my face again  
But your love just swayed the lies  
When he stared into your eyes  
He just might be too good for you  
You're almost dead to him  
You're sleeping with a frozen heart  
Well baby girl it's over now  
And you can always count on me  
Your unshackled boy, unrestrained to touch  
So immune to love And it feels so priceless to me  
That you're always free

That you'll take me in  
Now I'm everything, your everything  
I bet you'll take me in  
I know you'll take me in now  
The same place I left you in (we)  
I bet you'll take me in  
I know you'll take me in, I know you'll take me in  
The same place I left you in We  
Who?  
Oooh...  
Oooooooh...  
No ho...  
Let her know... You did many things  
That I liked, that I liked  
And you like diamond rings  
I can provide, I can provide for you  
You made me feel so good  
Before I left  
On the road  
And you deserve your name  
On a crown, on a throne
