

I Found Someone

[Cher](#)

Don't you know
So many things, they come and go
Like your words that once rang true
Just like the love I thought I found in you And I remember the thunder
Talking 'bout the fire in your eyes
But you walked away when I needed you most
Now maybe baby, maybe baby I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been gone
Dry your eyes
I never could bear to see you cry
Someday your love will shine through
And show you the feelings that you never really knew But baby don't you lose that thunder
Talking 'bout the fire in your eyes
You're lookin' at me but you still don't believe
That maybe baby, maybe baby I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been gone Too long on the border line
Wondering if your love was really mine
But you left me with open eyes
And when I realized
Baby
I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone Baby
I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been gone
