

Give It to Me

3 Doors Down

[Verse 1]

It feels like something got in the way
And maybe I had something to do with it
There's not much that i can say
But there sure is something I've got to prove to you
I told you, that I'd try
And you said that I lie
Like I have something to sell

[Hook 1]

Come on, wait a minute
You think I've been in this
For a little while
But now come on baby, please
I've been on my knees for a long time
So come on, give it to me
Just give it to me

[Verse 2]

There's always something I wanna say
But the words won't never come out
The way I want
Maybe I see another way
Or maybe I just see something you don't
These stories that you tell
Now I know them a little too well
You think I'll take what i want
Oh no

[Hook 2]

Come on, wait a minute
You think I've been in this for a little while
But now come on baby, please
I've been on my knees for a long time

[Hook 3]

Come on, give it to me
One more wrong will make it right
I don't wanna fight no more
I'm tired of saying please

This is all I need
So give me just a little bit
A little bit more
Oh, give me just a little bit more
Oooh
Oooh

[Hook 2]
Just give it to me
Come on wait a minute
You think I've been in this
For a little while
But now come on baby, please
I've been on my knees for a long time
Come on wait a minute
You think I've been in this
For a little while
But now come on baby, please
I've been on my knees for a long time

[Hook 3]
Come on, give it to me
One more wrong will make it right
I don't wanna fight no more
I'm tired of saying please
This is all I need
So give me just a little bit
A little bit more
Oh, give me just a little bit more
