

# Fly

## Avril Lavigne

There's a light inside all of us  
It's never hid and you just have to light it  
It's the one thing that you got to trust  
It's like a diamond, you just have to find it  
So if you ever feel like giving up  
Yeah let's remember that  
We were all meant to fly  
Spread your wings, across the universe  
It's your time to, it's your time to shine  
There's a light inside all of us  
Soon, you'll find that it's your time to fly  
Your time to fly  
A little happens all in ever takes  
Somebody else just tell you that it's worth fighting  
A single step becomes a leap of fate  
That's when you realize just starting flying  
So, don't you ever say you're giving up?  
No, there's no looking back  
Cause we are all meant to fly  
Spread your wings, across the universe  
It's your time to, it's your time to shine  
There's a light inside all of us  
Soon, you'll find that it's your time to fly  
It's your time to fly  
Just reach up, don't give up  
Until you've touched the sky  
Just reach up, don't give up  
Until you've realized  
That we are all meant to fly  
Spread your wings, across the universe  
It's your time to, it's your time to shine  
There's a light inside all of us  
Soon, you'll find that it's your time to fly, fly  
It's your time to, it's your time to shine, shine  
Soon, you'll find that it's your time to fly  
Spread your wings, across the universe  
It's your time to, it's your time to shine  
There's a light inside all of us  
Soon, you'll find that it's your time to fly
