## Riff Raff

[Hook: RiFF RaFF]

Einstein

Catch me in the club rolling paper and the pine

Pay for twenty sack, might pay for me a dime

Intelligent with the mind

Rap game Einstein

Twenty sack fat, might pay for me a dime

[Verse 1: RiFF RaFF]

30 pull back guess

Hit the scene Leon Lett

Jumping out the jet, neon stretch Corvette

Freeze the whole house, talking colder than the winter

You ain't rocking chinchilla bitch, that's doberman pincher

Swisher, split the middle, feel the stones, buried head to toe

Venom touch the floor, forty pounds of hydro

Bugatti, Maserati, rolling papers by the genius

Balling out in Phoenix on you sons of ballerinas

Twisting up the profit, table tops, make my spot

Stars Wars clocks, stormtrooper by the block

Keep the lungs clean, at least partially untarnished

Balling on you farmers with Versace car starters
