

# As I Grow

## Eve

Turn your negative into a positive  
This one is for the kids  
Hmm People hear me when I talk to yea  
(As I grow)  
People try to break me but I  
(Still stand strong)  
'Cuz this life that I live it's  
(On my own)  
And can nobody can take me off this  
(Path I travel on)  
People hear me when I talk to yea  
Yo  
I'm in a position to help a lot of people  
When I love it, but people that claim that they love me  
Want to take advantage of it  
I duck 'em, I can't lie that toss a lot of lies  
Can't trust the story tears swellin' in my eyes  
Let my pen stab the page, times I feel raged  
Sometimes I feel trapped got me locked in a cage  
But I break free  
Won't never let the anger overtake me  
'Cuz actions of another never make 'e or break 'e  
(Hum)  
I never let 'em shake me  
And no matter what I always wish excessive thos' who hate me  
The ones they call my enemies  
Who only will be wanna be friends of me  
On the other hand surrounded by the greatest team  
Who wouldn't trade mind for nothin' not for anything  
(Hum)  
Thank you for giving me your bless  
And I appreciate giving you everything and nothing less (As I grow)  
People try to break me but I  
(Still stand strong)  
'Cuz this life that I live it's  
(On my own)  
And can nobody can take me off this  
(Path I travel on)  
People hear me when I talk to yea I live my life through what's in my chest  
My heart beat strong, sometimes contaminated by the pest  
And yea I know I'm livin' blessed  
And if I didn't make it here, my life would be a mess

Can't live a life of fear  
All that get you is nowhere surrounded by a bunch of stress  
And I always had a hard head Had a choice to play around wit life or listen to a gossip  
So I straightened up and I'm doin' right  
Growin' every year, hey yo' this thing ain't happen' overnight  
But I still got a lot to do  
And never givin' up 'cuz anything I feel I know is possible  
Don't never let people discourage  
Plant yo'll see the dream, baby and let 'em flourish  
Lettin' you in on what I know  
Hum, as I live my life an' as I grow (As I grow)  
People try to break me but I  
(Still stand strong)  
'Cuz this life that I live it's  
(On my own)  
And can nobody can take me off this  
(Path I travel on)  
People hear me when I talk to yea (As I grow)  
People try to break me but I  
(Still stand strong)  
'Cuz this life that I live it's  
(On my own)  
And can nobody can take me off this  
(Path I travel on)  
People hear me when I talk to yea { All I want to live life is  
We love you Eve }
