

Chasing Colors (feat. Noah Cyrus)

Marshmello & Ookay

We're dreaming on and on, we're dreaming on and on
We got the windows down, we got the windows down
I'm chasing all of the colors in my head, I wanna feel alive
I'm living high, high, high
I'm living high
I'm living high

We're dreaming on and on, we're dreaming on and on
The stars are all around, the stars are all around
I'm chasing all of the colors in my head, I wanna feel alive
I'm living high, high, high
I'm living high
I'm living high

I got this fire in my heart and I'm feeling alright
I got this feeling in my head that we're doing alright
Breaking down the walls, I'm living high
Chasing all the colors
