

Had Me by Halftime

Morgan Wallen

[Verse 1]

You were talkin' trash, we were tossin' bags
When I caught your name at a corn hole game
September Saturday in Rocky Top
On top of G10 parking lot
Said "Girl, where you sittin'? I got an extra ticket
It's right on the 50"

[Chorus]

You had a 16 home team jersey on
Singin' every word to the fight song
Had your airplane bottles from your purse out
Had a country mile smile every first down
Last thing on my mind was the football
Watchin' you girl like it's gonna be a good fall
You would've thought that post-game kiss would've made me wanna make you mine
But you had me by halftime

[Verse 2]

They sent out the Pride of the Southland band
And all I could think about was holdin' your hand
Was just gonna catch it on a couch TV
And last second scored a couple tickets for free
But baby I'd have paid anything to see

[Chorus]

You had a 16 home team jersey on
Singin' every word to the fight song
Had your airplane bottles from your purse out
Had a country mile smile every first down
Last thing on my mind was the football
Watchin' you girl like it's gonna be a good fall
You would've thought that post-game kiss would've made me wanna make you mine
But you had me by halftime

[Bridge]

Now every time the leaves start fallin' down
I get to thinkin' 'bout

[Chorus]

That 16 home team jersey on
Singin' every word to the fight song
Had your airplane bottles from your purse out
Had a country mile smile every first down
Last thing on my mind was the football
Watchin' you girl like it's gonna be a good fall
You would've thought that post-game kiss would've made me wanna make you mine
But you had me by halftime
You had me by halftime
You had me by halftime
