

# Kobe With the Fro

## Cal Scruby

[Intro]

I feel like a young goat, young goat yeah

[Verse 1]

Who got the plug, who got the aux cord  
Table lookin' like a motherfuckin' chalk board  
All the sudden everybody startin' to talk more  
Bitch I'm buzzin' like that thing that's in your sock drawer  
I might wake up in the morning with my jaw sore  
She might wake up in the morning for the encore, ooh  
Girl you're shady how you do that with your contour  
Make up all this shit like you thought I would fall for it  
Look nights like this world mine it is not yours  
Top 5 and I'm not 5 and I'm not 4  
I try giving y'all time but I can't wait  
Unsigned, not a contract, not a handshake  
You tryna bury me then get the shovel  
I hit you with the triple double like I'm Mr. Russell  
I know the game, I get the hustle  
I know the play before you run it like I'm in the huddle, yeah

[Chorus]

I feel like a young goat  
Always had the flow  
I let the hair grow  
I'm Kobe with the fro  
Young Kobe with the  
I feel like a young goat  
Always had the flow  
Let the hair grow  
I'm Kobe with the fro

[Verse 2]

Often copycatted, never duplicated  
Nowadays they hit me up like, "Cal I knew you'd make it"  
Used to show me fake love, yeah I used to hate it  
That shit used to make me mad, I go Super Saiyan  
But now I laugh when I hit the gas then I go to work  
Body bag after body bag way down in the dirt  
Call my brother like I'm bout to spaz, bout to go berserk

Then he pull up then I write the rap, post it then I skrrt  
This is snapping like Khaled, this is actual talent  
Started tripping over money, started checking my balance  
Gave my girl an allowance, I needed someone to count wit  
I be making the moves you do the mannequin challenge, yeah  
Running up a digit, don't fuck up the ticket  
Sauce drippin', chip on my shoulder I double dip it  
If you want a problem I got it just come and get it  
If I hear you gossip I pop up and double click it  
I'm coming for it this summer, I'm unrestricted  
Putting up ridiculous numbers no one predicted  
Operated in isolation, it's unassisted  
60 in my last game, you should know my last name

[Chorus]

I feel like a young goat  
Always had the flow  
I let the hair grow  
I'm Kobe with the fro  
I feel like a young goat  
Always had the flow  
Let the hair grow  
I'm Kobe with the fro  
Young Kobe with the fro
