

# Good Time To Be Alive

## Lady Antebellum

Gonna find us a couple of glasses  
Gonna pour us a bottle of wine  
There ain't no better way to get this  
Long week behind us  
I put my dancing dress on  
Just let the record spin  
We're gonna hit this round like we  
Might live forever and ever, baby  
Yeah, it's a good, good, good to be alive  
This world could throw me anything with you by my side  
It's a crazy, perfect, messed up, beautiful ride  
Yeah, it's a good, good, good to be alive  
Come on now  
No doubt you look so pretty  
Like that when your hair falls down  
You got that timeless beauty  
Pokes right about  
But if the bands gonna love  
Is made for nights like these  
With you pulling me close, taking it slow  
Ain't no place I'd rather be  
Yeah, it's a good, good, good to be alive  
This world could throw me anything with you by my side  
It's a crazy, perfect, messed up, beautiful ride  
Yeah, it's a good, good, good to be alive  
It's a good, good, good to be alive  
Oh yeah, yeah  
Ooh  
So much we can't control  
Too much to worry about  
Got everything that we need  
Right here, right now  
Yeah, it's a good, good, good to be alive  
This world could throw me anything with you by my side  
It's a crazy, perfect, messed up, beautiful ride  
Yeah, it's a good, good, good to be alive  
Oh it's good  
Ooh  
It's a crazy, perfect, messed up, beautiful ride  
Yeah, it's a good, good, good to be alive
