It is my game but whatdya like  
The mc techno is on the mic  
On the mic is wat i give ime gona make you want to live  
I'm rockin it to the vicious pace  
The vicious pace the vicious house  
I'm really gonna make you hypnotized  
Hypnotized but then you're gone  
I'm rockin' it to the break of dawn  
The break of dawn the break of D  
Cus my name is the Young MC  
techno mc is what i'm called  
I'm not too heavy, not too tall  
I'm not too tall, i'm never the wack  
The Young MC give a heart attack  
Heart attack is what i give  
I'm really gonna make you want to live  
You want to live you want to die  
You rockin' the vicious can't deny  
Can't deny just what you hear  
You rockin' it days and month and year  
Month and year and month and day  
I'm really gonna take your breath away  
Breath away and breathalizer  
Rhymin' like a synthesizer  
Synthesizing music machine  
Rock the house you know what I mean  
What I mean is what I say  
Going to rock the house today  
You rock today you rock tonight  
You're gonna to really do it right  
Do it right and do it wrong  
I'm going to make you sing a song  
You sing a song cold with the glee  
Cause my name is the techno MC
