

# Versions of Violence

Alanis Morissette

Coercing or leaving  
Shutting down and punishing  
Running from rooms, defending  
Withholding, justifying These versions of violence  
Sometimes subtle, sometimes clear  
And the ones that go unnoticed  
Still leave their mark once disappeared Diagnosing, analyzing  
Unsolicited advice  
Explaining and controlling  
Judging, opining and meddling  
These versions of violence  
Sometimes subtle, sometimes clear  
And the ones that go unnoticed  
Still leave their mark once disappeared This labeling, this pointing  
This sensitive's unraveling  
This sting I've been ignoring  
I feel it way down, way down These versions of violence  
Sometimes subtle, sometimes clear  
And the ones that go unnoticed  
Still leave their mark once disappeared  
These versions of violence  
Sometimes subtle, sometimes clear  
And the ones that go unnoticed  
Still leave their mark once disappeared
