

Love

Borgore

[Verse 1: Borgore]

Cause I love your pretty Smile

I love your needy Style

I love to be able to see that you are glamorous for a mile

I love the way you look

I love the way you cook

I spend lot of time watching your pictures on the facebook

I love to buy you flowers

I love our hot showers

I can watch you sleepin for hours and hours

I love the way you dance

The way you Shake that ass

But the thing I love the most is cuming on your face, suck it bitch
