

Make or Break

Dan + Shay

[Verse 1]

Phones lighting up, grab my favourite shirt and my keys on the counter
'Cause you said you wanna dance
Halfway down the drive must of changed your mind
It ain't even been an hour, tell me you've got other plans
I wouldn't be surprised if later or tonight
You're calling, begging me to come over[Chorus]
'Cause baby, I'm caught up in the back and forth
I'm somewhere in the middle of you
And I don't know what I do it for
You love me, you hate me
You make me, you break me
Ooh, yeah

[Verse 2]

Ooh, when you do what you do, it's like you do it on purpose
Got me spinning in circles
First you say you're mad, then you take it back
Like you've forgotten all about it
I don't even understand[Chorus]
Why baby, I'm caught up in the back and forth
I'm somewhere in the middle of you
And I don't know what I do it for
You love me, you hate me
You make me, you break me[Bridge]
You love me, you hate me
You make me, you break me
Ooh, it's like you do it on purpose

[Outro]

And baby, I'm caught up in the back and forth
I'm somewhere in the middle of you
And I don't know what I do it for
You love me, you hate me
You make me, you break me
I'm somewhere in the middle of you
(Somewhere in the middle of you)
And I don't know what I do it for
You love me, you hate me
You make me, you break me
Ooh, you break me
You love me, you hate me
Oh, you break me
